The Pacific Rubiales Bogotá Open took place at the Country Club. It is the most significant tournament in Colombian golf history. For the first time in our country, sports celebrities like Juan Pablo Montoya and Camilo Villegas joined this important cause to raise funds while at the same time, putting Colombia at the forefront with this great event.

The Juan Pablo Montoya celebrity Pro-Am is a one-day tournament that takes place one day before the official Nationwide Tour tournament starts, and in which a group of amateurs play with a professional and a national or international celebrity in order to raise funds for the Formula Smiles Foundation.
