

The Best Formula Ibagué

We benefit a total of 1,902 kids:

172 – Recreational area

1566 – Educational area

164 – Sports area

Sports that are practiced: Soccer and Basketball

The program directly benefits 11 neighborhoods located in the Commune 8 sector, comprising: Nuevo Armero stages I and II, Topacio, Ciudadela Simón Bolívar stages I, II, III, Germán Huertas Jardín stage I, Villa del Sol, the Jardín los Pinos sector, la Esmeralda, Tolima Grande and Palermo. We have alliances with the Alberto Castilla and Raíces del Futuro educational institutions.

This city commune is formed by 12 neighborhoods; Nuevo Armero is one of them. In this specific neighborhood, with a population of 5,529, is where our program “Education + Sports = The Best Formula” is undertaken.

It is worth noting that in this commune, people who have been displaced by violence live, as well as people who have been resettled by the municipal administration because they lived in high-risk areas or that were forced to move out of their homes by illegal armed groups. Housing plans for reinserted members of M-19 guerrilla movement were also undertaken in this sector. All of the above characterize Nuevo Armero’s population in a socio-economic situation classified as 0, 1 and 2 in the stratification range. The child population also faces social problems such as gang formation, delinquency, poverty, intra-family violence, youth pregnancy and dropping out of school.
